

# THE COUNTRY WOODLAND CONNECTION AUG. 2018

## Theme this month...Fables and Folktales!

*“Fallible characters are more interesting than superheroes in the end.” Damien Lewis*

*As summer comes to a close there will be great activities to fill up the month as we look forward to some relief from the heat! We would like to take this opportunity to say goodbye to our graduating class. You will all be greatly missed and we are confident in your success and accomplishments throughout your elementary careers. Please come back and visit. It is always bittersweet as we see our little ones growing up and moving on. Congratulations again on your hard work and achievements. We are so proud!!*

“Fairy tales are more than true: not because they tell us that dragons exist, but because they tell us that dragons can be beaten. If you want your children to be intelligent, read them **fairy tales**. If you want them to be more intelligent, read them more **fairy tales**.”- unknown

## COTTON CANDY MACHINE

We are always looking for new and exciting adventures! Monday, 8/27 we will help close out summer with our own cotton candy machine just like at a real carnival! But right here at CW. We will enjoy an up close and personal look at how cotton candy is made, watching the process, and then of course eating it! Perhaps this will become an end of summer tradition:)

## THE SCIENCE TELLERS

“Aliens: Escape from Earth”

During a midnight meteor shower, something mysterious falls from the sky toward Earth — but it’s not a shooting star. Throughout this intergalactic story, explore the out-of-this-world science behind reactions, polymers, pressure, energy, and so much more! All geared toward pre-schoolers. The Science Tellers take abstract science concepts and present them in a tangible, easy to digest way, ensuring everyone will be engaged — regardless of age, experience or ability. “We utilize the entire performance space, so even kids in the back will feel like they are part of the action! Through the power of voice, expression and pantomime, the program comes to life and the children become invested in the outcome of both the story and the experiments. We transport the audience into the adventure along with us!” The Science Tellers travel all over the country and we are lucky they are making a stop here at CW on 8/20 @ 10.

## SUPPLIES

Please remember to have an adequate amount of diapers/pull-ups, and wipes for your child to at least get through the day if applicable. Feel free to bring in a large amount at once and we will let you know once you start running low. We appreciate it!

## POLICY REMINDER

Tuition is due by Wednesday of each week or a \$15 late fee will be added to your account. This policy will be strictly enforced. We appreciate your consistent on time payment.

## Mr. Henry

Mr. Henry’s animal friends visit CW on 8/3 @ 9:15am. This time his show is “Animal rhythm and seasons!” Always one of our favorites!

“Being a superhero is hard work. You have to save the world. But going to school is even harder. You have to save yourself.”

– [Lenore Look](#)

## UPDATED INFO

In an effort to assure that the information in your child's file is complete and accurate, all families will receive a brand new parent pack in September. Please read over everything, if none of your info has changed, you can simply fill out the “nothing has changed” form and return to the office ASAP. If any info has changed, please complete new registration and emergency medical forms and turn those in. Also, please remember to bring in copies of your child's immunizations as they get updated. Your cooperation is greatly appreciated.

## BIKE & WATER DAY

Bike and water day will end the first week in September. Please take home your child's bike by Thursday 8/30 and any water play items. Bug spray and sun screen can remain here for a while longer. Once they are no longer being used, they must be taken home or thrown out.

## SPECIAL LUNCH

Keeping up with tradition, we will officially end the summer with a special, surprise lunch on Thursday, 8/30! Will be announced!

## ALLERGY REMINDER

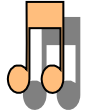

Although we are not a “peanut free” school, please be aware of any allergies present in your child's classroom. Let's work together to ensure the safety of all of our children. Thank you.

## FALL PICTURES

Fall Pictures will be taken on 9/18. Everyone will be photographed, no need to pre-pay. Pay only after you have viewed the proofs, that usually come back a week or so later, if you like the picture. An image of the background will be posted soon.

## KONA ICE

The Kona Ice truck pulls into CW again for an end of the summer treat on 8/13 at 9:30 am. Everyone loves making their own icee, picking their favorite flavor and listening to great party music!

## MUSIC & PE

We are so excited to have p.e. class starting up again next month. Mr. Justin will be back again for p.e. on Mon. and of course Mr. Spencer will be with us for music every Tues.
